Statement of Principles – Gambling Act 2005

1.0 Introduction

1.1 Redditch Borough Council is situated in the County of Worcestershire, which contains 6 District Councils in total. The Council area has a population of 84,300 (2011 Census) and covers an area of around 21 square miles making it the smallest in the County in terms of population and area.

The Borough of Redditch consists of 2 distinct areas:

- An essentially urban area, which includes a vibrant and thriving town centre and smaller centres within local districts; and

- An essentially rural area, which includes the villages of Astwood Bank, Feckenham, Elcocks Brook and Ham Green.

The Borough and its address districts are shown in the map at Appendix ‘A’.

1.2 Redditch Borough Council is committed to providing residents with effective and efficient services that not only meet their needs but understand them too. This statement accords with that vision in seeking to promote the licensing objectives set out in the Act, which are central to the regulatory regime created by the Act. These are:

- Preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime;
- Ensuring that gambling is conducted in a fair and open way, and
- Protecting children and other vulnerable persons from being harmed or exploited by gambling.

1.3 The Licensing Authority has produced this statement as required by Section 349 of the Gambling Act 2005 (referred to in this statement as “the Act”) and having had regard to the Gambling Commission’s formal guidance issued under Section 25 of the Act, the licensing objectives and to the views of those that the Licensing Authority have consulted. The Licensing Authority consulted widely upon this statement before finalising and publishing. The list of those persons and organisations consulted is appended. The consultation took place between July and October 2015 in line with current published Government consultation principles. The policy was approved at a meeting of the Full Council on DATE. Should you have any comments with regards to this policy statement please send them via email or letter to: wrsenquiries@worcsregservices.gov.uk.

This statement must be published at least every three years. The statement may also be reviewed from ‘time to time’ and any amended parts re-consulted upon.

1.4 The Licensing Authority intends that this document should provide information and guidance on the general approach that the Licensing Authority will take to licensing. A series of advice sheets with more specific guidance is available on request; advice tailored to individuals is available by phone or to personal callers.

1.5 Nothing in this policy takes away the right of any person to make an application under the Act and to have that application considered on its merits; nor does it undermine the right of any person to object to an application or to seek a review of a licence where the law provides that they may do so. Applications will be considered in line with our statement of general principles, below.
2.0 Gambling Act 2005

2.1 This policy reflects and aims to support our strategic purposes, as set out in the Council Plan.

2.2 The Act provides for gambling to be authorised in a number of different ways. Our main functions are to:

- licence premises for gambling activities, including the issue of provisional statements;
- regulate and grant permits for gambling and gaming machines in clubs, including commercial clubs;
- regulate gaming and gaming machines in alcohol licensed premises;
- grant permits to family entertainment centres for the use of certain lower stake gaming machines;
- grant permits for prize gaming;
- receive and endorse notices given for the temporary use notices;
- receive occasional use notices for betting at tracks;
- register small societies lotteries;
- Maintain public registers; and
- Provide information to the Gambling Commission on issued licences.

2.3 The Gambling Commission regulates remote gambling and issues personal and operating licences for premises. The “National Lottery” is also regulated by the Gambling Commission. Spread betting is regulated by the Financial Conduct Authority.

3.0 Authorised Activities

3.1 ‘Gambling’ is defined in the Act as gaming, betting, or taking part in a lottery.

- gaming means playing a game of chance for a prize;
- betting means making or accepting a bet on the outcome of a race, competition, or any other event; the likelihood of anything occurring or not occurring; or whether anything is true or not, and
- a lottery is an arrangement where persons are required to pay in order to take part in an arrangement whereby one or more prizes are allocated by a process which relies wholly on chance.

4.0 General Statement of Principles

4.1 In carrying out the licensing functions in accordance with the Act, particularly with regard to premises licences, the Licensing Authority will generally aim to permit the use of premises for gambling as long as it is considered to be :

- in accordance with any relevant Codes of Practice issued by the Gambling Commission;
- in accordance with any relevant Guidance issued by the Gambling Commission;
- in accordance with this Statement of Principles, and
- reasonably consistent with the licensing objectives.

4.2 The Licensing Authority will not seek to use the Act to resolve matters that are better dealt with by other legislation. Licensing is not the primary mechanism for general control of nuisance and the antisocial behaviour of people once they are away from licensed premises.

2016-2019
4.3 The Licensing Authority will ensure that in dealing with applications under the Act the Licensing Authority follows the required procedures, and only takes into account issues that are relevant. Specifically the Licensing Authority will not have regard to “demand” when considering applications for gambling premises; nor will the Licensing Authority consider the suitability of applicants for premises licences (which is a matter for the Gambling Commission). The Licensing Authority will not reject an application on moral grounds. If the Licensing Authority decides to reject an application, the Licensing Authority will make known the reasons for doing so.

4.4 The Council has delegated its licensing function to its Licensing Sub-Committee and Licensing Officers. In the remainder of this Statement of Principles they are referred to collectively as the ‘Licensing Authority’.

4.5 Where an application is for a new premises licence, the responsible authorities may visit to check that gambling facilities meet all necessary legal requirements.

4.6 Where there are no representations (objections), licences and permissions will be granted subject only to any appropriate mandatory conditions (Section 167 of the Act) and any conditions having at least the effect of appropriate default conditions made under Section 168.

4.7 If there are objections that can’t be resolved informally, or the Licensing Authority intends to impose extra conditions, the Licensing Authority will hold a public hearing at which the licensing sub-committee will hear evidence and make a decision in accordance with the Act.

4.8 This statement is not intended to override the right of any person to make an application under the Act, and to have that application considered on its merits. Equally, this Statement of Principles is not intended to undermine the right of any person to make representations about an application or to seek a review of a licence where provision has been made for them to do so.

5.0 Preventing gambling from being a source of crime and disorder

5.1 The Gambling Commission takes the leading role in preventing gambling from being a source of crime, and maintains rigorous licensing procedures aiming to prevent criminals from providing facilities for gambling. Applicants need an operating licence from the Commission before the Licensing Authority will issue a licence to use premises for gambling.

5.2 The Licensing Authority will not issue a premises licence to someone who does not hold an operator’s licence, the Licensing Authority is not generally concerned with the suitability of an applicant. Where concerns about a person’s suitability arise the Licensing Authority will bring those concerns to the attention of the Commission.

5.3 If an application for a licence or permit is received in relation to premises which are in an area noted for particular problems with organised crime, the Licensing Authority will, in consultation with the Police and other relevant authorities, consider whether specific controls need to be applied to prevent those premises from being a source of crime. This could include a requirement for Security Industry Authority registered door supervisors.

5.4 Disorder will only be considered under this Act if it amounts to activity which is more serious and disruptive than mere nuisance, and where it can be shown that gambling is the source of that disorder. A disturbance might be serious enough to constitute disorder if police
assistance was required to deal with it; the Licensing Authority will then consider how
threatening the behaviour was to those who could see or hear it, and whether those people
live sufficiently close to be affected or have business interests that might be affected.

5.5 “Disorder” is generally a matter for the Police; the Licensing Authority will not use this Act to
deal with general nuisance issues, for example, parking problems, which can be better
dealt with using alternative powers.

5.6 When making decisions relating to disorder, the Licensing Authority will give due weight to
comments made by the police.

6.0 Ensuring gambling is conducted in a fair and open way

6.1 The Gambling Commission does not expect local authorities to become concerned with
ensuring that gambling is conducted in a fair and open way. The Commission, through the
operating and personal licensing regime, will regulate the management of the gambling
business and the suitability and actions of an individual.

6.2 Because betting track operators do not need an operating licence from the Commission the
Licensing Authority may, in certain circumstances, require conditions of licence relating to
the suitability of the environment in which betting takes place.

7.0 Protecting children and vulnerable people from being harmed or exploited by
gambling

7.1 The intention of the Act is that children and young persons should not be allowed to
gamble, and should be prevented from entering those gambling premises which are ‘adult-
one’ environments.

7.2 Codes of Practice, including advice about access by children and young persons may be
published by the Gambling Commission for specific kinds of premises. Applicants will be
expected to heed this advice where applicable.

7.3 The Licensing Authority expects steps to be taken to prevent children from taking part in, or
being in close proximity to, gambling. This may include restrictions on advertising to ensure
that gambling products are not aimed at children, nor advertised in such a way that makes
them particularly attractive to children.

7.4 When determining a premises licence or permit the Licensing Authority will consider
whether any additional measures are necessary to protect children, such as the supervision
of entrances, the segregation of gambling from areas frequented by children and the
supervision of gaming machines in non-adult gambling specific premises like pubs, clubs
and betting tracks.

7.5 In seeking to protect vulnerable people the Licensing Authority will include people who
gamble more than they want to, people who gamble beyond their means, and people who
may not be able to make informed or balanced decisions about gambling, perhaps due to a
mental impairment, alcohol or drugs.

7.6 The Licensing Authority will always treat each case on its own individual merits and when
considering whether specific measures are required to protect children and other vulnerable
people will balance these considerations against the overall principle of aiming to permit the
use of premises for gambling.
The Licensing Authority is required by regulations to state the principles it will apply in exercising its powers under Section 157(h) of the Act to designate, in writing, a body which is competent to advise the authority about the protection of children from harm.

These principles are:

- The need for the body to be responsible for an area covering the whole of the Licensing Authority’s area.
- The need for the body to be answerable to democratically elected persons, rather than any particular vested interest group.

In accordance with the suggestion in the Gambling Commission's Guidance for local authorities, this authority designates the Worcestershire Safeguarding Children Board for this purpose.

8.0 Premises licences

8.1 A premises licence can authorise the provision of facilities at the following:

- casino premises
- bingo premises
- betting premises, including betting tracks
- adult gaming centres
- family entertainment centres

8.2 Premises can be ‘any place’ but the Act generally prevents more than one premises licence applying to any one place. A single building could be subject to more than one premises licence provided they are for different parts of the building and those parts can be reasonably regarded as being separate ‘premises’.

8.3 This will allow large, multiple unit premises such as tracks, shopping malls or service stations to obtain discrete premises licences, with appropriate safeguards in place. The Licensing Authority will pay particular attention if there are issues about sub-divisions of a single building or plot and mandatory conditions relating to access between premises are observed. The Licensing Authority will not consider that areas of a building that are artificially or temporarily separated, for example by ropes or moveable partition, can properly be regarded as separate premises. Whether different parts of a building can properly be regarded as being separate premises will depend on the individual circumstances of the case.

8.4 A particular requirement might be for entrances and exits from parts of a building covered by one or more licences to be separate and identifiable so that the separation of the premises is not compromised and people are not allowed to ‘drift’ accidentally into a gambling area. It should normally be possible to access the premises without going through another licensed premises or premises with a permit. The Licensing Authority would also expect customers to be able to participate in the activity named on the premises licence.

8.5 The Secretary of State appointed an independent Casino Advisory Panel to advise the Government on the areas in which small and/or large casinos may be located. The District of Redditch was not identified as a suitable location for a casino; consequently the Licensing Authority is currently prevented from granting a Casino Premises Licence.
8.6 The Council has not passed a resolution under section 166(5) of the Gambling Act 2005 to not issue casino premises licences. If such a resolution were considered in the future, the Council would carry out a full public consultation and consider all responses before passing such a resolution.

8.7 The Licensing Authority will not turn down applications for premises licences where relevant objections can be dealt with through the use of licence conditions.

8.8 Other than an application for a betting premises licence for a track, the Licensing Authority are not able to issue a premises licence unless the applicant holds the relevant operating licence from the Gambling Commission.

8.9 When considering applications for premises licences the Licensing Authority will not take into account either the expected ‘demand’ for facilities or the likelihood of planning permission or building regulation approval being granted, as well as ‘moral’ objections to gambling. Equally, the grant of a premises licence would not prejudice or prevent any action that may be appropriate under the law relating to planning or building regulations.

8.10 The Licensing Authority are aware that demand issues cannot be considered with regard to the location of premises but that considerations in terms of the licensing objectives are relevant to our decision-making. Should any specific policy be decided upon as regards areas where gambling premises should not be located, this statement will be updated.

8.11 The Licensing Authority will only issue a premises licence once the Licensing Authority are satisfied that the premises is ready to be used for gambling in the reasonably near future, consistent with the scale of building or alterations required. If the construction of a premises is not yet complete, or if they need alteration, or the applicant does not yet have a right to occupy them, then an application for a provisional statement should be made.

8.12 The Licensing Authority will apply a two stage consideration process if there is outstanding construction or alteration works at the premises:

- should the premises be permitted to be used for gambling;
- can appropriate conditions be imposed to cater for the situation that the premises is not yet in the state in which they should be before gambling takes place.

8.13 The Licensing Authority is entitled to decide whether or not it is appropriate to grant a licence subject to conditions.

8.14 Applicants for premises licences are encouraged to propose any prohibitions or restrictions of their own in circumstances where it is felt that the presence of children would be undesirable or inappropriate.

8.15 The Licensing Authority will maintain a public register of Premises Licence applications received which may be viewed at the Council Offices during normal office hours which are generally Monday – Friday 9am until 5pm.

9.0 Responsible authorities

9.1 Responsible authorities are identified in the legislation, and have to be notified about licence applications so that they can identify any risks. The responsible authorities that the Licensing Authority recognises are listed below, contact details for each of the responsible authorities identified are available on our website www.redditchbc.gov.uk, and will be sent on request.

- The Gambling Commission
The Chief of Police for the area
Fire & Rescue Service
Redditch Planning Department
Environmental Services Department
Worcestershire Safeguarding Children Board
HM Revenue and Customs
Redditch Licensing Department
Any other bodies identified in Regulation by the Secretary of State,
For vessels, the Environment Agency, Canal and River Trust, Secretary of State.

9.2 Any concerns expressed by a Responsible Authority cannot be taken into account unless they are relevant to the application itself and the licensing objectives. However, each representation will be considered on its own individual merits.

10.0 Interested Parties

10.1 An interested party is someone who:

- lives sufficiently close to the premises to be likely to be affected by the authorised activities; or
- has business interests that might be affected by the authorised activities; or
- represents persons in either of the two groups above.

10.2 The Licensing Authority will generally require written evidence that a person/body ‘represents’ someone who either lives sufficiently close to the premises to be likely to be affected by the authorised activities and/or has business interests that might be affected by the authorised activities. A letter from one of these persons, requesting the representations is sufficient. Whilst this may not apply to those elected ward members or MP or Parish Councillors, those persons should be aware of the need to represent the whole of the community that they represent and not just the vocal ‘minority’.

10.3 In determining whether someone lives sufficiently close to a particular premises so as to be affected, the Licensing Authority will take into account, among other things:

- the size of the premises
- the nature of the premises
- the distance of the premises from the person making the representation
- the nature of the complainant
- the potential impact of the premises

10.4 In determining whether a person has a business interest which could be affected the Council will consider, among other things:

- the size of the premises
- the catchment area of the premises, and
- whether the person making the representation has business interests in the catchment area that might be affected

10.5 If an existing gambling business makes a representation that it is going to be affected by another gambling business starting up in the area, the Licensing Authority would not consider this, in the absence of other evidence, as a relevant representation as it does not relate to the licensing objectives and instead relates to demand or competition.
The Licensing Authority may consider a representation to be either frivolous or vexatious, and reject it. This will generally be a matter of fact given the circumstances of each individual case but, before coming to a decision the Licensing Authority will normally consider:

- who is making the representation and whether there is a history of making representations that are not relevant,
- whether it raises an issue relevant to the licensing objectives, or
- whether it raises issues specifically to do with the premises which are the subject of the application.

11.0 Licence conditions

11.1 In particular cases the Licensing Authority may find it necessary to impose conditions beyond appropriate mandatory and default conditions. Any such conditions will be relevant to the need to make the building suitable for use as a gambling facility; directly related to the premises and the type of licence applied for; fairly and reasonably related to the scale and type of premises and reasonable in all other respects. The Licensing Authority will not have recourse to a pool of standard conditions.

11.2 The Licensing Authority will also ensure that where category C or above machines that are on offer in premises to which children are admitted are located in an area of the premises which is separated by a physical barrier to prevent access other than through a designated entrance; the designated area is supervised and observed by staff or the licence holder.

11.3 Examples of conditions which are likely to be attached in certain circumstances include those relating to opening hours, segregation of gambling from non-gambling areas frequented by children, SIA licensed door supervisors, appropriate signage for adult only areas, age limits, or keeping children and young persons away from gaming machines. The Licensing Authority will also expect the applicant to offer their own suggestions as to way in which the licensing objectives can be promoted effectively.

11.4 The Licensing Authority will not seek to control those matters specified in the Act with conditions:

- which make it impossible to comply with an operating licence condition imposed by the Gambling Commission;
- relating to gaming machine categories or method of operation;
- which specify that membership of a club or other body is required; or
- in relation to stakes, fees, winnings or prizes.

11.5 Duplication with other statutory or regulatory regimes will be avoided as far as possible. The need for conditions will be assessed on the specific merits of each application.

12.0 Gaming Machines

12.1 Gaming machines include all types of gambling activity which can take place on a machine, including betting on ‘virtual’ events.

12.2 The Act itself prescribe the number and category of gaming machines that are permitted in each type of gambling premises.

12.3 Subject to the provisions of the Act, gaming machines can be made available in a wide variety of premises, including:
- Casinos;
- bingo premises;
- betting premises, (including tracks);
- adult gaming centres;
- family entertainment centres;
- clubs;
- pubs and other alcohol licensed premises;
- travelling fairs.

12.4 A machine is not a gaming machine if the winning of a prize is determined purely by the player’s skill. However, any element of ‘chance’ imparted by the action of the machine would bring it within the definition of a gaming machine.

12.5 The Licensing Authority will encourage permit and premises licence holders to adopt applicable codes of practice which may be introduced by the amusement industry or Gambling Commission, from time to time.

13.0 Temporary Use Notices

13.1 These allow the use of premises for gambling where there is no premises licence but where a gambling operator wishes to use the premises temporarily for providing facilities for gambling. The Licensing Authority would object to notices where it appears that their effect would be to permit regular gambling in a place that could be described as one set of premises. Premises that might be suitable for a temporary use notice would include hotels, conference centres and sporting venues. A temporary use notice may only be granted to a person or company holding a relevant operating licence.

13.2 Temporary use notices may only be used to permit the provision of facilities for equal chance gaming, where the gaming is intended to produce a single overall winner. Equal chance gaming is gaming which does not involve playing or staking against a bank and gives equally favourable chances to all participants. Examples of equal chance gaming include games such as backgammon, mah-jong, rummy, kalooki, dominoes, cribbage, bingo and poker.

14.0 Occasional Use Notices

14.1 The Licensing Authority has very little discretion as regards these notices aside from ensuring that the statutory limit of 8 days in a calendar year is not exceeded. Whilst tracks are normally thought of as permanent racecourses, this can also include land which has a number of uses for example agricultural land upon which a point-to-point meeting takes place. Land used temporarily as a track can qualify, provided races or sporting events take place or will take place there. The track need not be a permanent fixture.

15.0 Lotteries

15.1 All lotteries are unlawful unless they are run in accordance with an operating licence issued by the Gambling Commission - unless they are ‘exempt’ lotteries as defined by the Act. One of those exemptions is for “small society lotteries,” which the Licensing Authority will allow, after registration. The Licensing Authority will maintain a register of small society lotteries.

15.2 A society will be allowed to register with us if it is ‘non-commercial’, in other words, if it is established and conducted:

- for charitable purposes;
• for the purpose of enabling participation in, or of supporting, sport, athletic or a cultural activity; or
• for any other non-commercial purpose other than for private gain.

16.0 Exchange of Information

16.1 To ensure the licensing objectives are met, the Licensing Authority will establish a close working relationship with the police, the Gambling Commission and, where appropriate, other responsible authorities.

16.2 Subject to the provisions of the Data Protection Act 1998, the Licensing Authority will share any information it receives through the application process with the Gambling Commission and any relevant responsible authority. In doing so The Licensing Authority will have regard to the Act itself, any guidance issued by the Commission and to any Regulations issued by the Secretary of State. People can access personal information that The Licensing Authority holds about them by contacting our Information Management Officer.

16.3 The Licensing Authority is committed to being open about what it does and how The Licensing Authority comes to decisions, in accordance with the spirit of the Freedom of Information Act 2000 (FOIA). An important feature of the FOIA is the requirement for each public authority to produce a publication scheme setting out what information it will publish as a matter of course, how and when it will be published, and whether this information will be free of charge or on payment. Copies of our FOI publication scheme are available on request from Redditch our Information Management Officer or via the Council’s website www.redditchbc.gov.uk.

16.4 FOIA also provides the public with a general right of access to information held by public authorities, and subject to exemptions, be supplied with a copy of that information. Individual requests should be made in writing to the Information Management Officer or via the Council’s website.

16.5 Unless restricted by the Gambling Act, details about applications, licences and representations will be made available in our public register. Representations that The Licensing Authority accepts will be copied in their entirety to applicants, to provide an opportunity for mediation and to ensure that the rights of the applicant are not compromised.

17.0 Enforcement Protocols

17.1 The main enforcement and compliance role for the Licensing Authority in terms of the Gambling Act 2005 will be to ensure compliance with the Premises Licences and other permissions which it authorises. The Gambling Commission will be the enforcement body for the Operator and Personal Licences and will also take the lead role on the investigation and where appropriate, the prosecution of illegal gambling. Any concerns about manufacture, supply or repair of gaming machines will not be dealt with by the Licensing Authority but will be notified to the Gambling Commission.

17.2 The Licensing Authority will work with the Commission, the Police and other enforcing authorities, having regard to any specific guidance produced by the Gambling Commission, relevant codes of practice, the licensing objectives and this statement of principles, to provide for the targeting of agreed problem or high-risk premises. A lighter touch will be applied to those premises which are shown to be well managed and maintained.
17.3 The overall aim is to permit the use of premises for gambling. With that in mind it is intended that action will generally be taken against ‘problem’ premises through the licence review process.

17.4 We will also have regard to the Regulators’ Code whilst carrying out our regulatory functions.

17.5 The Licensing Authority will endeavour to be proportionate; accountable; consistent; transparent and targeted, as well as avoiding duplication with other regulatory regimes so far as possible.

18.0 Reviews

18.1 A review of a premises licence can be made by interested parties or responsible authorities, however, The Licensing Authority will decide if the review is to be carried out on the basis of the following:

- In accordance with any relevant Code of Practice and/or guidance issued by the Gambling Commission
- Consistent with the licensing objectives
- In accordance with our statement of principles.

18.2 The Licensing Authority will also consider whether or not the request for a review is frivolous, vexatious, or repetitious or whether the Licensing Authority would wish to alter/revoke or suspend the licence.

18.3 The Licensing Authority can also initiate a review of a premises licence on the basis of any reason which The Licensing Authority think is appropriate, including if a premises licence holder has not provided facilities for gambling at the premises. This is to prevent people from applying for licences in a speculative manner without intending to use them.

18.4 Once a valid application for a review has been received by the Licensing Authority, representations can be made by responsible authorities and interested parties during the statutory consultation period. The purpose of the review will be to determine whether The Licensing Authority should take any action in relation to the licence. The options available are:

- Add, remove or amend a licence condition;
- Remove or amend a default condition, such as opening hours;
- Suspend the premises licence for a period not exceeding 3 months;
- Revoke the licence.
