**Redditch Borough Council**  
**Polling Districts and Polling Places**

**Councillor Submission form: If you use a Council ipad you may have problems accessing the form so please use this form instead.**

Your comments are sought, both at this preliminary stage of the Review, for which the **deadline is 28 August 2019**, but also during later opportunities to comment on the Council's proposals, once published (in September).

**RESPONSE FORM (RR1)**

(Please print off and return hard copy, or take an electronic copy and return as an attachment)

**My comments are in respect of Polling District / Polling Station:** St. Stephens.....  
(please use a separate form per area/ Station) .....Redditch Baptist Church.....

This is a good central location for people living in the Town Centre. Provided the Church Council there is content to allow its continued use it is far preferable to closing a school or part of a school during a term-time weekday.

I recommend that it continues to be used as a Polling Station.

**If suggesting a change of Polling Station, please suggest alternative locations for our consideration (as existing Stations may be the only suitable premises identified to date for Polling Station use)**

**My comments are in respect of Polling District / Polling Station:** LPA, LPB, LPC  
(please use a separate form per area/ Station) Lodge Park Ward

LPA Arrowcross

I still support the Polling Station at Oakhill First School as I believe this is the safest place. However I know this is unpopular with the school. I could support the relocation to Lodge Park Club as it has a function room with a separate entrance, meaning the club would not need to close its bar.

LPB Holloway

No change. It's perfect for Lakeside.

LPC St Georges

I am aware this Polling Station has less than 400 electors of which around 80 vote. I would like to see this Polling Station kept as many elderly people live in St Georges and may fear walking through two subways to Harry Taylor House

**If suggesting a change of Polling Station, please suggest alternative locations for our consideration (as existing Stations may be the only suitable premises identified to date for Polling Station use)**
