Saved searches

The primary activity on the Idox Public Access site is to perform searches for information. Searches that will be performed frequently can be saved so that they may be repeated easily as often as you like (see “Searching” on page 13).

Any changes to the status of applications previously found by your search criteria or any new applications which match the criteria of a saved search will trigger a notification. Notifications are listed in the Notified Applications page.

- 1 To view your saved searches, select **Saved Searches** from the My Profile drop down list.

- 2 You can sort the list by clicking on the appropriate column headings:
 - **Search Title** - sort the list alphabetically by search title
 - **Search Type** - sort the list alphabetically by search type.
- 3 To perform a saved search now, click on the **Run** button for that search.
Note Circular map searches cannot be run from the Saved Searches page.
- 4 To modify the search criteria, click on the **Edit** button for that search. This returns you to the appropriate search form and allows you to change the details of the search.
- 5 To remove a search from the list, click on the **Delete** button for that search.

Tracked applications

After locating an application of interest by searching, you can choose to keep a watch on what happens to it by tracking it. Applications are displayed on the Tracked Applications page. When applications that you are tracking are modified a notification will appear on the Notified Applications page and you will be sent a notification email.

- 1 To view these applications, select **Tracked Applications** from the My Profile drop down list.

- 4 To remove an application from the tracked applications list, click on the **Stop Tracking** button for that application.

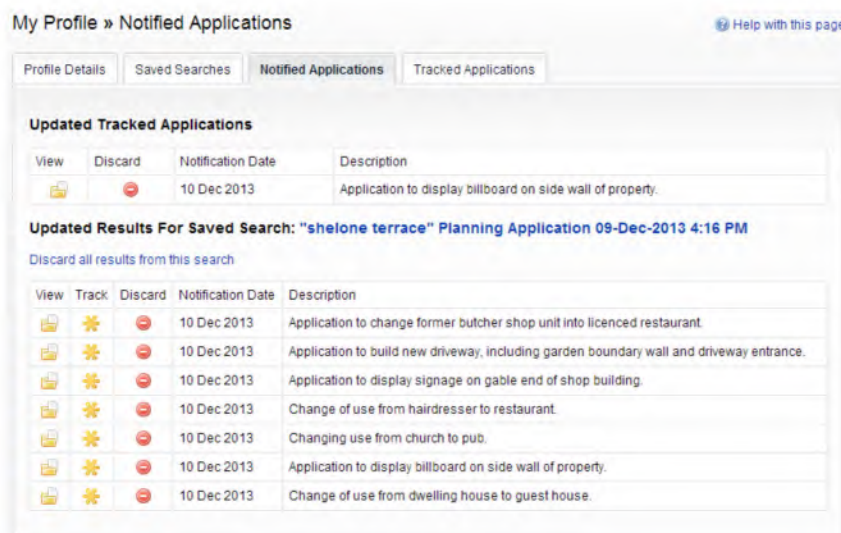

Notified applications

When applications that are the subject of a saved search or are in your Tracked Applications list are modified, a list of those applications will appear in the Notified Applications page. You will also be sent a notification email.

- 1 To view your notifications, select **Notified Applications** from the My Profile drop down list.

- 2 The tracked applications that have been modified are listed at the top of the screen. These are followed by the modified applications that are subject to your saved searches.
- 3 To view an application, click on the **View** button for that application.

- 4 To remove an application from the notifications list, click on the **Discard** button for that application. To delete all of the notified results for a particular search, click on **Discard All Results From This Search**.
- 5 Additionally, you can select saved search applications from the notifications list and track these. Click on the **Track** icon for the applications of interest. These will now be added to your Tracked Applications page.

Searching

Your primary activity when you are logged in to the Idox Public Access site will be to search for planning records according to a variety of criteria. There are a variety of search methods to allow you to find the information you are looking for:

- **Simple** - search quickly for applications, appeals or enforcements according to some entered text
- **Advanced** - search according to a wide combination of relevant factors
- **Weekly/monthly list** - search for applications whose status is validated or decided within a particular time period
- **Property** - search for a particular property to which applications may apply
- **Map** - search using an interactive map tool.

Simple Search

A simple search allows you to search quickly for an application, appeal or enforcement by entering some text that will help identify it.

- 1 From the Search drop down list choose the Planning module, then select **Simple Search**.

- 2 In the Planning module you can search for:

- Planning Applications
- Planning Appeals
- Enforcement notices.

Click to select the type of record that you want to locate.

- 3 If you choose to search for Applications, you can also select the status of the records you are looking for:

- Current applications
- Decided applications
- All applications.

Choose the appropriate option from the **Status** drop down list.

- 4 Enter some text in the **Search** box that will correspond to one of:

- reference number (for example, "2008/0125/DET")
- post code (for example, "G1 3PL")
- part of an address (for example, "Drymen", "Scott Street").

- 5 Click on the **Search** button to display the results of your search (see "Search Results" on page 27).

Advanced Search

An advanced search allows you to build a complex combination of specific criteria on which to search for information.

- 1 From the Search drop down list choose the Planning module, then select **Advanced Search**.

- 4 Select a street from the list to display the addresses on that street, then choose an address to discover whether any planning records exist for that address.
- 5 To go back and chose a different street, click on the **Refine Search** button.

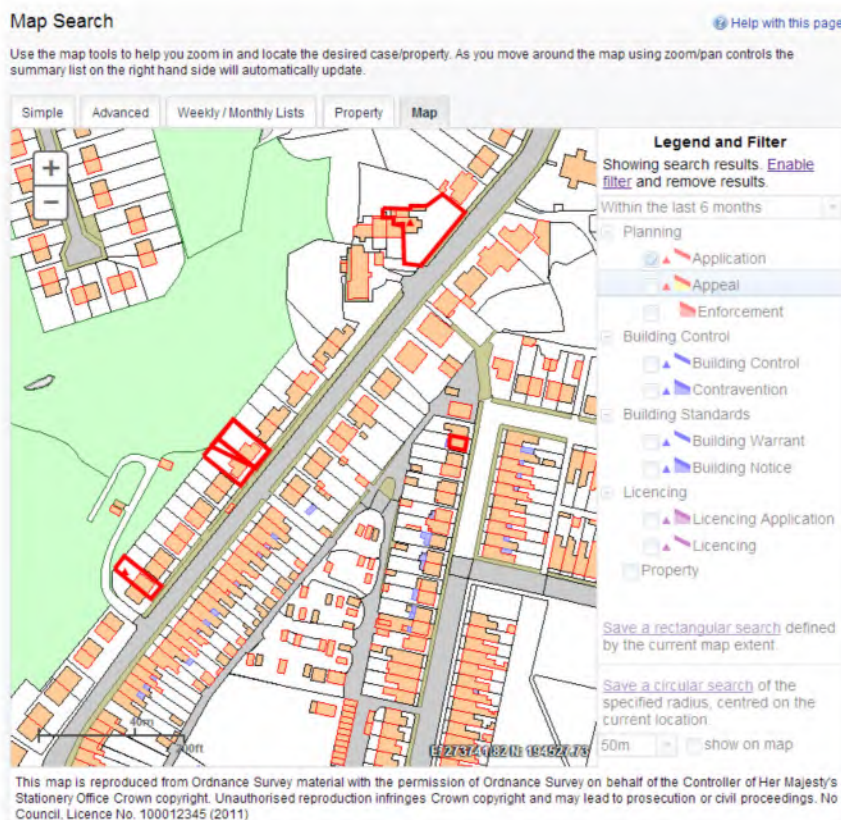

Map Search

Map search allows you to identify properties that are the subjects of applications, appeals or enforcements using an interactive map. The map allows you to zoom in and examine each property to locate the records of interest to you. You can filter the display by adding or removing record types and by changing the time period.

Alternatively, if you are interested in applications relevant to a specific geographical area, such as close to your home, you can search for records limited either to the currently displayed map extent or to a specified radius from the map's centre. These searches can be saved to your Saved Searches.

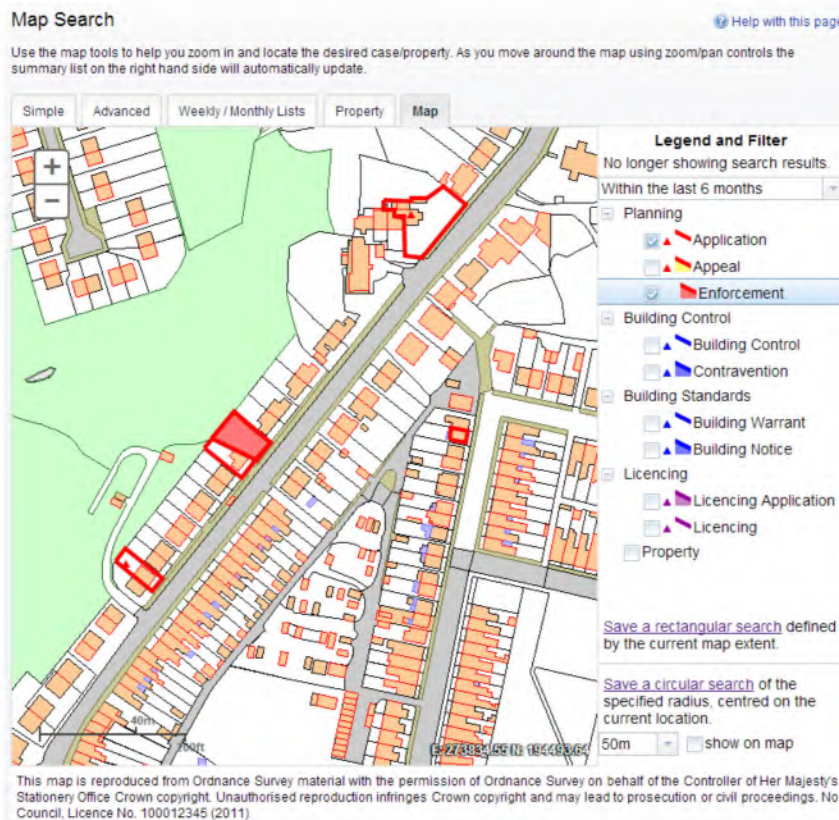

- 1 From the Search menu, choose the Planning module, then select **Map Search**.
The initial view shows applications submitted within the last six months.

- 2 To zoom in on a specific location, click on a point on the map and click on the + button. To zoom out, click on the - button.
Alternatively you can zoom in and out by scrolling the mouse wheel.
Note The scale at the bottom left of the map changes as you zoom.
- 3 To pan the image around, click on the map and, keeping the mouse button depressed, drag in the direction you want to pan.

- 4 To refine the display, click on **Enable Filter**.

- 5 The initial view displays applications submitted within the last six months. To change the time period select from the **Time Period** drop down list.

- 6 To display more record types on the map, check the relevant boxes in the **Legend and Filter** list. To remove record types from the map, uncheck them.

Most records can be displayed in two ways:

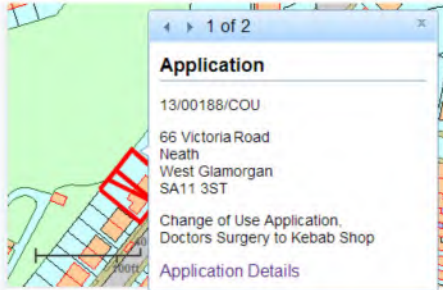

- Records which only affect the property which is the subject of the application are shown as triangular points.
- Records which affect others (for example, neighbours or the public) are displayed as a polygon which illustrates the boundary of the property affected by the application.

Module	Record type	Displayed As
Planning	Applications - properties for which planning applications have been submitted.	
	Appeals - properties which are the subject of planning appeals.	
	Enforcements - properties which are the subject of planning enforcements.	
Building Control	Applications - properties for which building control applications have been submitted.	
	Contraventions - properties which are the subject of building control contraventions.	
Building Standards	Warrants - properties for which applications for building warrants have been submitted.	
	Notices - properties which are the subject of building notices.	
Licensing	Applications - properties for which licence applications have been submitted.	
	Licences - properties which hold one or more licences.	
All	Properties - all valid properties in your local area. You can click on any of these to see if any current record (for example, application, or licence) exists at that address.	

- 7 Once you have identified a record of interest, click on the triangle point or polygon to display a summary of the information about the record.

If there is more than one record associated with the property, you can click on the navigation arrows to page through the record summaries.

To view the full record details click on the **Details** link.

- 8 When the black Properties markers are displayed, you can click on any of these to view the property summary.

To view full details about that property, including any historical records that do not fall into the time period displayed on the map, click on **Property Details**.

Saving map searches

You can add a map search to your Saved Searches list in one of two formats:

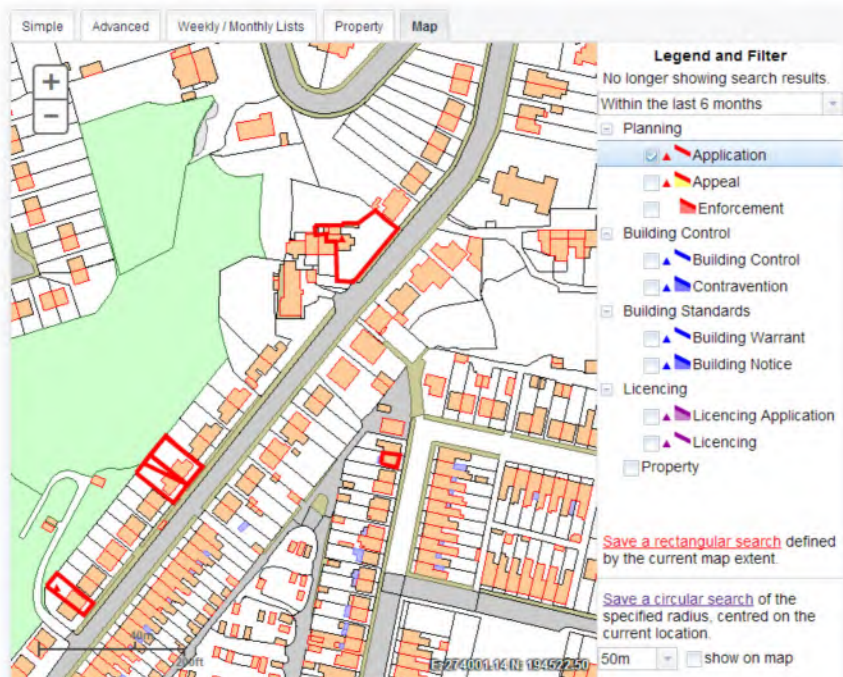

- **Rectangular search** - saves all of the records of the selected record type that apply to the area currently shown on the map
- **Circular search** - saves all of the records of the selected record type that apply to the area within a specified radius of the map centre.

Note Map searches can only be saved for one record type (for example, applications) at a time. If you want to save a search for another record type in the same geographical area, you must save it as a different search.

Rectangular search

The rectangular search allows you to display occurrences of a record type over the geographical area currently displayed on the map. By re-running the search, you can monitor new occurrences. For example, if you have zoomed the map to display your town centre and filtered the legend to display planning applications in the last month you can save an extents search that allows you to monitor new applications arising in the town centre on a monthly basis.

- 1 Zoom and pan the map to display the geographical area of interest.
- 2 Select the required time period.
- 3 Filter the legend to display one record type.
- 4 Click on **Save a rectangular search**.

- 5 On the **Saved Search Options** page you may change the default search title if you wish.

Circular search

The circular map search allows you to display occurrences of a record type over the geographical area currently displayed within a specified proximity of the centre of the map. By re-running the search, you can monitor new occurrences. For example, if you have zoomed the map to display your home and filtered the legend to display planning applications submitted in the last year you can save a proximity search that allows you to monitor new planning applications arising within a specified distance of your home on a yearly basis.

- 1 Zoom and pan the map, placing the geographical point of interest at the centre.
- 2 Select the required time period.
- 3 Filter the legend to display one record type.

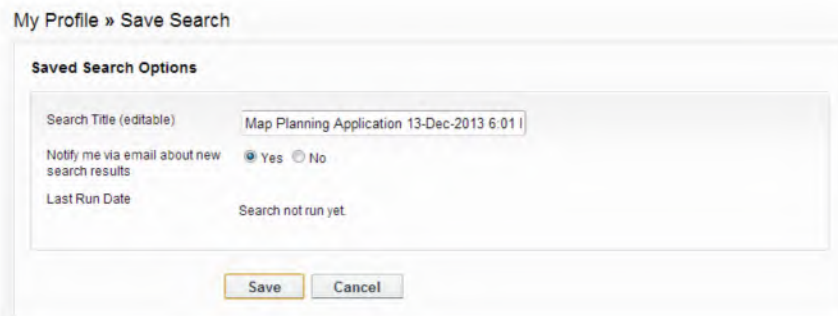

- 4 Select the radial distance from the centre in which to search for records.

Check the **Show on map box** to display the proximity as a circle around the centre. You can pan the map to make adjustments if required.

- 5 Click on **Save a circular search**.
- 6 In the Saved Search Options box you may change the default search title if you wish.

- 7 If you want to be notified by email of any new records matching your search criteria, select Yes. These notifications are displayed in your Notified Applications tab (see “Notified applications” on page 11).
